Washington Memorial Directors Confer at Alexandria.

STEEL SHIP MOVED

Freighter George M. Morse Towed to Norfolk by Salvage Company.

The Herald Bureau, A. R. Doniphan, 727 King street, Alexandria, Va., Oct. 28.—The cornerstone of the \$2,000,000 temple being erected in George Washington Park by the George Washington Masonic National Memorial Association will probably be laid February 22.

The tentative date has been agreed upon by some members of the board of directors, who held a meeting today at the site of the temple.

The directors met first at the Willard Hotel, in Washington, afterward inspecting public buildings in the Capital to determine what kind of marble will be used in the construction. This matter, however, was held in abeyance.

The 3,400-ton steel freighter George M. Morse, built by the Virginia Shipbuilding Corporation in this city, and which was launched in 1920, tonight was towed by a big tug to Norfolk. The ship was moved in order to make room for the boats of the Western Salvage Company, which are being dismantled here.

Operations will be started Monday in the commissary west of the plant by the Federal Battery Company, which recently leased this building from Receiver Joseph L. Crupper, of the Virginia Shipbuilding Corporation. This concern on the start will give employment to about twenty-five men.

Miss Hilda Truslow Schneider, daughter of Mr. and Mrs. Robert W. Schneider, this city, and John Taylor Lewis, Jr., Clarksville, Va., were married at 5 o'clock this afternoon at St. Paul's Episcopal Church in the presence of a large gathering of relatives and friends. The ceremony was performed by Dr. Percy Foster Hall, rector, assisted by Rev. Beverly D. Tucker, of the Episcopal Theological Seminary of Virginia. The bride was given in marriage by her father, Miss Elizabeth Foster Schneider, sister of the bride, was maid of honor and the bridesmaids were Misses Nina Fulton, Abbie Hoxton, Collins Jones, Charlotte Kemper, Roberta Schneider, William F. Williams, Jr., Bristol, R. L. cousin of the bridegroom, was best man. Ushers were Edward R. Stettinius, Jr., New York; Dean Goodwin Ribble, Petersburg, Va.; Clayton B. Gleason, Roanoke, Va.; William D. Jones, Jacksonville, Fla.; William M. Birdsong, Suffolk, Va.; C. Waller Barrett and George E. Vest, this city.

A reception followed, after which Mr. and Mrs. Lewis left for a trip to Hot Springs, Va., and later they will take an extended European trip.

Miss Helen Thompson, daughter of Mrs. Luther H. Thompson, of 561 South Fairfax street, this city, and John Smith, of Clarendon, Arlington County, were married at 4:30 o'clock this afternoon at the home of the bride's mother, Rev. Charles P. Ryland, Clarendon, officiating. Only the immediate families attended. A wedding march was played by Miss Louise Griffith. Following the ceremony a wedding supper was served, after which the couple left for a trip through the North. They will make their home in this city.

Under the auspices of the local anti-tuberculosis society, Dr. William Tate Graham, of Virginia, tonight delivered an illustrated lecture on the correction of deformities of crippled children.

James Hamilton Fletcher, 20 years old, son of Mr. and Mrs. Richard H. Fletcher, died yesterday at the Alexandria Hospital. The funeral will be held at 3 o'clock Monday afternoon at the residence of the parents in Cottage Park.

The fire which started Tuesday night aboard the ship *Atlantus*, which is being salvaged here by the Western Salvage Company, has been subdued and the work of salvaging the ship will be begun Monday.

Miss Lucy M. Graves, president of the Business and Professional Women's Club, tonight entertained the members of that club informally at her residence, 623 South Fairfax street, at which time arrangements were made for the entertainment which will be given the members of the Kiwanis Club at 7 o'clock Monday night in the Westminster building.

Robert South Barrett will deliver an illustrated lecture on South America at the First Presbyterian Church at 8 o'clock tomorrow night under the auspices of the Presbyterian mission.

ORDERS ERIE ROAD REFUND BACK PAY

CHICAGO, Oct. 28.—The United States Railroad Labor Board today ordered the Erie Railroad to pay clerks, telegraphers, dispatchers and other employees whose wages one day's pay per week was deducted during January, February and March, the full amount so taken.

The Erie had protested against the appeal of the employees for the back pay, claiming it would cost "a million dollars." The board ordered that men laid off one day each week during those three months should also be paid for the days they were not allowed to work.

MAKE RARE FINDS IN WESTERN FIELD

Amherst Men Discover Skeletons Said to Be 2,000,000 Years Old.

AMHERST, Mass., Oct. 28.—Skeletons of animals which roamed the North American continent in the Miocene Age, more than 2,000,000 years ago, have been discovered by an Amherst College expedition which recently returned from South Dakota and Wyoming.

The collection includes many rare specimens. Two of the skeletons have yet to be identified, and Professor Frederic R. Loomis, who headed the expedition, feels certain that they are the first of their type discovered.

The trip, which was made entirely by automobile, was financed by the class of 1896. Two months were spent on the expedition, one-half in exploration.

One of the specimens the expedition was anxious to obtain was that of the *Poebrotherium*, an ancestor of the camel, to complete a series now in the Amherst collection. An excellent specimen was found in the Black Hills in Wyoming.

Included among the more valuable specimens found were skeletons of a hyracodon, a running rhinoceros, of an agriochoerus, a clawed herbivore, and a skeleton of a large herbivore, thought to be allied to the *Proterochonurus* family. Skulls, turtles, and 143 smaller finds ranging from a pair of jaws to limbs, were also discovered.

OWSLEY CONDEMNS BORAH PROPOSALS

ATLANTIC CITY, Oct. 28.—Commander Owsley of the American Legion today announced his policy at its gathering of post commanders here. He condemned Senator Borah's proposals for general amnesty for political prisoners and recognition of the Soviet government. He also criticized the administration for its release of Eugene Debs, characterizing him as one of the "arch enemies of the government." He declared that better hospitalization and treatment of the sick and wounded veterans was the principal purpose of his administration.

Langston, his skull crushed, apparently by a blow from some blunt weapon, was discovered in a wooded area about five miles from here this afternoon by a negro woman. He died before medical aid arrived. His automobile was found standing thirty-five feet from where his body was found.

PASTOR SUSPENDED ON GIRL'S CHARGE

ROCK ISLAND, Ill., Oct. 28.—Rev. Archie Waffie, pastor of the First Baptist Church, was suspended by a trial board of the church today, pending a hearing before the central Illinois conference in Kankakee next fall.

Charges were laid before the church authorities by Miss Alice Berry, 20 years old, a domestic in the employ of Rev. Mr. Waffie. She says she will carry the case to the circuit court.

Waffie, who is married and has one child, denies the girl's accusations.

Closes Coal Doors To Service Chiefs

Army, Navy and Marine Officers Checked in Drive on Government Bins.

Officers of the Army, Navy and the Marine Corps will find themselves subject to the same restrictions on coal supply for their household use as the civilian householder, according to assurances given Col. Charles Keller, District Engineer Commissioner, yesterday in a letter from H. C. Smith, chief co-ordinator for general supply of the Federal government.

Some time ago it was called to the attention of the local fuel administration that the officers were getting their coal from the government fuel yards.

Smith states that "there is no reason in the world why the householders of the Army, Navy and Marine Corps should be placed in the class of preferred customers, and there is every reason in the world why in emergency conditions all should share alike."

AUTO IN CHASE HITS CAR; 4 HURT

Speeding from Police Machine Upsets Another; Corn Liquor Seized.

In an attempt to get away from Maryland and District police a high-powered motor car, which, police say, contained bootleg liquor, crashed into another car on Sargent road near the District line yesterday, causing injury to four persons. George Lomas, driver of the first car, and William Hyrd, riding in the same automobile, were placed under arrest. Both men were slightly injured.

William Adams, colored, Silver Spring, Md., suffered a broken leg, and Lee Leazar, of Brookland, driver of the other car, received cuts about the head and face.

The chase of the alleged bootleg car started in Maryland when Police L. G. Clagett and Guy Jones spied the machine near Silver Spring. At the District line Traffic Policeman Geddings joined in the chase.

Lomas crashed into the Leazar machine and it turned from Sargent road, turning it over and pinning both occupants underneath. The other car crashed into a telephone pole.

Adams and Leazar were extricated from the wreckage and taken to Washington hospitals. Police say Lomas' car contained seven cases of corn liquor. It was confiscated.

MASONIC TEMPLE FUND AT \$700,000

\$6,000 Pledged at Enthusiastic Meeting of Workers.

Reporting pledges of \$29,700 for the past week, William Knowles Cooper, campaign director, announced that subscriptions aggregating \$700,000 had been received for the United Masonic Temple fund, at a meeting of workers held last night. Much applause greeted the publication of the results of the campaign thus far. The total subscription roll has reached 7,777 persons.

Up to 6 o'clock yesterday the fund lacked \$6,000 of reaching \$700,000. "Let's put this figure over the \$700,000 mark before we leave here tonight," said Cooper. Individual pledges were immediately received and the desired mark reached when a committee headed by Clarence Schooley, master of National Lodge No. 12, subscribed \$1,600.

Grand Master Coombs made a brief address, in which he told of grand lodge visitations during the past week, saying he was especially gratified with the reception accorded the proposed new temple project. He cited several instances of large subscriptions following addresses by members of the executive committee.

Director Cooper told of plans for the big November 18 Masonic rally at Convention Hall. It may be possible that a moving picture news service will show all Masonic events included in the film service during the past year.

A list of clubs that have almost reached the 100 per cent mark in subscriptions was announced by Cooper.

No meeting of the campaign committee will be held next Saturday, as all District Masons are expected to attend the 17th Masonic Birthday celebration at George Washington, which is to be held at Central High School.
